## Discussion:

1) This meeting was devoted to **a**gehy discussion with Bernd Widdig and Amy Berenson from the Office of Intentional Programs about criteria for evaluating summer courses sponsorethisyoffice that might be proposal for cultural diversity credit.

In the past, individual students whortpaipated in similar programs have sometimes sent requests to Richard G8bevens for core cultural diversity credit for approval of courses taken ideqrthe summer in foreign countries.

It was agreed that it would be more venient and efficient if such courses were to be submitted to the core voittee prior to the summer in which they would be offered.

2) David McFadden's proposal, entitlentersection of Science and Painting," was approved for Naral Science core credit.
